

1st August, 2017

Assoc. Prof. Dr. Tran Diep Tuan  
President  
University of Medicine and Pharmacy, Ho Chi Minh City  
Socialist Republic of Vietnam

Request of recommendation for research & faculty member  
(School of Medicine)

We would like to express our thanks for your great support to International University of Health and Welfare (IUHW) Group.

Since 2007, to realize new forms of education in medicine, IUHW group has considered the structures that would support such new practices. In consequence, we newly established a School of Medicine in Narita City in April 2017. There are 140 first year students including 20 foreign students and they are taking the lectures in English for the majority of courses.

In December this year, the new medical school research building leading in the world will be completed and running from January 2018.

To further enhance research and education environment, especially for Infectious Disease, Genetic Analysis, Remote Diagnosis, and Reproductive Medicine, we will widely recruit the younger research associate or lecturer of foreigners for school of medicine, we appreciate your cooperation to recommend us skilled candidates from your university.

- Application Requirement -

1. Field: Infectious Disease, International Medical Cooperation, Global Health, Genetic Analysis, Remote Image/Pathologic Diagnosis, Reproductive Medicine (Infertility Treatment, Embryo Culture), Educational Research of Medicine
2. Location: IUHW Narita Campus, Chiba, Japan
